

CHALET CASTOR

ZERMATT, SWITZERLAND

Zermatt luxury catered and self-catered Chalet Castor is one of four unique, and for Zermatt very rare, residences, a luxurious independent three storey chalet with 4 double bedrooms.

The tunnel and elevator bring you up high above the village providing a true sense of high mountain seclusion and tranquillity with breathtaking views. Although it does not have a direct Matterhorn view, the chalet is bathed in sun as soon as it emerges. Guests can leave their skis and boots in the tunnel's ski-room. The entrance to the tunnel is 200 metres from the end of the ski runs beneath the Matterhorn Express lift station, just a 4 minute walk from the church square. On the ground floor you have the sitting room and an open-plan kitchen with the dining table, both giving on to the terrace accessed through French windows. There the chalet enjoys the use of its own unique private outdoor hot-tub surrounded by snow (depending on snow conditions), perfect to relax and enjoy the view (or the stars) after a long day in the mountains.

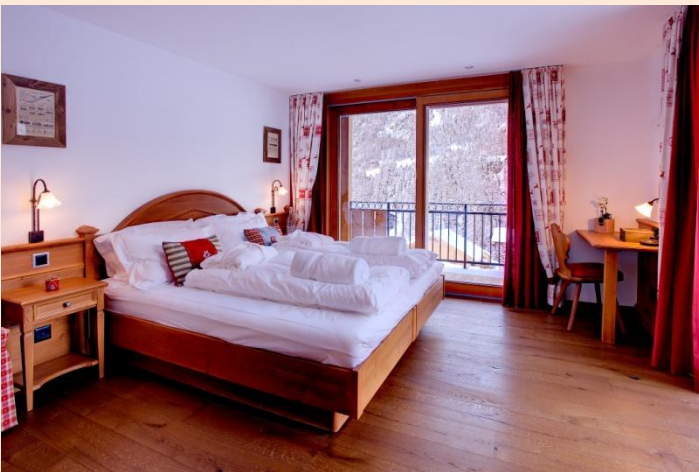

It has all the latest technology with flat-screen TVs, more than a 150 channels, a fireplace and geothermal heating to reduce the chalet's carbon foot-print as much as possible. Chalet Castor and Chalet Pollux (sleeps 8) are adjacent to each other and opposite Chalet Ibron (sleeps 8), as well as the other 5 star freestanding chalet, Chalet Gemini, which sleeps a further 10 people. All these chalets may be rented together enabling a group of up 16, 18, 24, 26 or 34 guests to stay in the same location while benefiting from the space and privacy that only a sole-occupancy luxury chalet can provide.
